

Meet Our Luminary

Impact100 was founded by Wendy Steele in 2001 when she recognized that women continued to be faced with barriers that prevented their involvement in community service and philanthropy. Although women's roles had evolved, the vehicles for their leadership and philanthropic contribution had not kept pace with their new reality.

Our Mission

Impact100 is a collective force for good; uniting and empowering women to give together, creating transformational impact, locally and globally.

Will you light the way?
